What Is the Regulatory History of the Voluntary Guidelines?

We received four comment letters. On May 4, 2000, we published a correction notice in the **Federal Register** (65 FR 25980) citing minor editorial corrections to the notice and request for comments. As a member of the Aquatic Nuisance Species Task Force (ANSTF), the Coast Guard is represented on the Task Force's Communication, Education and Outreach Committee. This committee was established to provide the Task Force with a way to support the congressional mandates through outreach campaigns. The committee is currently working on creating a National Aquatic Nuisance Species Campaign and these voluntary guidelines will play
